

Our Statement

Building with Boxes is not liable for any construction guarantee.

Building with Boxes is solely reliable for manufacture and delivery of the box.

Building with Boxes does not offer any electrical certification for the connection of the box to mains.

Building with Boxes 'Installers guide' is an impartial guide.

Installer Disclaimer

As the installer I am liable for constructing the garden box to the specified standard.

As the installer I take full responsibility for the delivery and installation of the garden box, and at my discretion deal with any snags and potential construction problems.

As the installer, should my client contact BWF I give consent for my details to be given.

As the installer I agree to work following all health and safety regulations.

As the installer I shall not use any reference to Building with Frames nor Building with Boxes.

As the installer I shall only use the advertising provided via the installer's portal or my own POS.

Failure to abide by these will lead to Building with Boxes refraining to supply you and cancelling any pending orders.
